

Postdoc Opening in Biology or Biomedical Engineering (University of Michigan)

The Chronis group is looking for a postdoctoral researcher with a strong MEMS/NEMS background to work in an interdisciplinary project that merges micro/nano engineering with micro-optics and biology. The candidate should have a Ph.D. in biology or Biomedical Engineering. The NIH-funded position is available immediately. If interested, please email your CV to professor Nikos Chronis (chronis@umich.edu).
